BTC EN-UTC Call 2023: Building Transformation Capacities through arts and design

The purpose of the call *Building Transformation Capacities through arts and design: Unlocking the full potential for urban transitions* is thus to fund innovative projects that shape Urban Transformation Capacities inspired by the new perspectives, methodologies and approaches connected to the EU initiatives: the **New European Bauhaus** and the EU Mission: **Climate Neutral and Smart Cities**.

Projects are expected to address one or more of the following research areas:

- **Experimentation and co-creation for a beautiful and sustainable urban future;**
- **Transformation to sustainable cities / urban Transformation;**
- **Designing Inclusive, Liveable and Green Neighbourhoods.**

➤ **2-stage evaluation process** - successful outline proposals are invited to the full proposal stage

Trans-Atlantic Platform for Social Sciences and Humanities

T-AP Call 2023: **governance, democracy, trust** (official call topic under preparation)

The Trans-Atlantic Platform for Social Sciences and Humanities (T-AP) is an unprecedented collaboration between humanities and social science research funders from South America, North America and Europe.

T-AP works to identify common challenges and promote a culture of collaboration in social science and humanities research by offering joint research calls in areas of strong potential for international collaboration.

- The new T-AP call for the 2023 is currently under preparation - the indicative call opening date is **June/July 2023**.
- **Call pre-announcement and further details regarding the call** (thematic scope, timeline, procedures, participating countries, etc.) will be published on the **T-AP website** - <https://www.transatlanticplatform.com/>

Thank you for your attention
